

HALLOWEEN BOOKMARK INSTRUCTIONS:

MATERIALS: crayons, glue sticks, cardstock or colored paper, scissors

STEP 1: Print out multiples of each page. Divide bookmarks by type and allow students to choose one page. Ask students to color with crayons. Play some spooky music in the background!

STEP 2: Ask students to raise their hand when they have finished coloring, and then assist them in gluing cardstock or colored paper (their color choice) to the back of the bookmark page.

STEP 3: Allow it to dry for about 10 minutes before you begin cutting out their bookmarks. Older students can cut independently.
