

Cut out your piece.

**START**

**FINISH**

## Game Instructions:

1. Cut out your game piece from the edge of the paper.
2. There will be four players in each game.
3. You will use one dice to roll, (a dice with numbers is recommended for kindergarten to first grade students).
4. You can use scratch paper and a pencil to write down the math problems if it helps you.
5. Remember, no calculators allowed!
6. Take turns rolling the dice and answering math problems one at a time.
7. If you answer a problem incorrectly, you go back to the starting point.
8. The first person to reach the end is the winner!
